

THANKSGIVING BINGO

INSTRUCTIONS

Give one bingo card to each player. There are ten cards altogether. Pick a word from the list below and read it out loud. Make sure to mark it off so you don't read it twice.

The guests then check for the word or image on their card and mark it off if they have it. Choose another word from the list below and the guests then check for the word or image on their card. Continue this until someone fills in an entire row in any direction and yells "Bingo!"
