

# How to Play “Life of a Showgirl” Bingo

Give one bingo card to each player – there are ten unique cards inspired by Taylor Swift’s brand new “Life of a Showgirl” album.

Each square sparkles with something from Taylor’s glamorous universe: a shimmering Opalite stone, a fluttering feather boa, Travis’s 87 jersey, and even a dazzling engagement ring!

The host picks one Life of a Showgirl–inspired icon from the list below – maybe it’s the orange vinyl record, redwood tree, or a romantic Portofino-style building – and calls it out loud like a true star under the lighted mirror glow. Guests check their card for the matching image and mark it off using something fabulously themed – like rhinestone stickers, candy pieces, confetti dots or metallic stars, small friendship bracelet heads, or glitter stickers. ✨

Then choose another icon from the list – don’t repeat a call, or you’ll Ruin the Friendship and move on to the next one! Continue until someone fills an entire row in any direction and yells “Showgirl!”
